Seniors in 1935

Class Poem

WILLIAM LAUBENSTEIN

Fling wide your heavy portals, waiting world.
For lo, a generation rising, flag unfurl'd,
Is seen advancing, thus to make its golden way
Upon the way-worn carpet of your day!

Withdraw to deep seclusion: watch our star
With flaming brightness soon ascend the heights, to mar
The darkened spot where once your blazing emblem rode.
Where once your flame of glory proudly glowed!

While now we slowly leave these hallowed halls,
Halls whose timbre to our saddened hearts recalls
A host of poignant memories; with upturned eyes
And unafraid, we look for brighter skies!

We look into the future, seeing there,
New hope, new joy, new peace, our single task to bear
Upon our naked backs the Torch of Freedom and
Democracy, the blessings of this land!

With this our heritage, our guiding light,
We leave, with never-hesitating tread, the night
Of ignorance and infancy, to seek our place
Amongst the throbbing highways of our race!

Many are the times you've helped us

College of Business Administration

Offers a college program with broad and thorough training in the principles of business with specialization in *ACCOUNTING*, *BANKING AND FINANCE*, or *BUSINESS MANAGEMENT*. Modern methods of instruction, including lectures, solution of business problems, class discussions, professional talks by business executives, and motion pictures of manufacturing processes, are used.

College of Engineering

Provides complete college programs in Engineering with professional courses in the fields of *CIVIL*, *MECHANICAL* (with *DIESEL*, *AERONAUTICAL*, and *AIR CONDITIONING* options), *ELECTRICAL*, *CHEMICAL*, *INDUSTRIAL ENGINEERING*, and *ENGINEERING ADMINISTRATION*. General engineering courses are pursued during the freshman year; thus the student need not make a final decision as to the branch of engineering in which he wishes to specialize until the beginning of the sophomore year.

The Co-operative Plan, which is available to upperclassmen in all courses, provides for a combination of practical industrial experience with classroom instruction. Under this plan the student is able to earn a portion of his school expenses as well as to make business contacts which prove valuable in later years.
